

A black and white photograph of a mountain range. The foreground is dominated by a dark, rugged mountain slope. In the middle ground, several layers of mountains are visible, partially obscured by a thick mist or low-hanging clouds. Sunlight filters through the mist, creating bright, diagonal rays of light that illuminate the peaks and valleys. The overall atmosphere is dramatic and ethereal.

MAGRIT GROUP

# SEPAND

Code : M100

Inspired by the sacred purity of ancient traditions, Sepand embodies the essence of divine protection and unwavering serenity, captured in a flawless white expanse.
