ABOUT VERONZO

Established in 2022, **VERONZO** was founded with a vision to meet the evolving needs of customers in the field of porcelain tiles, slabs, and countertops. With a focus on creating a diverse portfolio of contemporary designs and sizes, Veronzo has positioned itself as a brand that combines timeless authenticity with modern innovation.

Our primary mission is to collaborate closely with professional architects, designers, and builders by forming specialized teams across various fields. This approach allows us to create products that inspire creativity while ensuring they align with the highest industry standards.

At **VERONZO**, we are committed to expanding our reach both in Iran and neighboring regions by continuously developing and implementing necessary standards that reflect global quality and excellence. Respect and dedication to our customers remain at the core of everything we do, as we aim to provide not just products, but solutions that elevate architectural and interior design.

Today, **VERONZO** stands as a trusted partner for architects and designers, offering products that not only meet functional needs but also embody beauty, passion, and innovation. Together, we build spaces that inspire.

■ **PRODUCTIONS**

Excellence in Porcelain Production:

At **VERONZO**, our team dedicates their full effort to crafting premium porcelain products by utilizing the finest, most advanced materials, techniques, and machinery sourced from around the globe. Our mission is to produce exceptional products that meet the highest international standards.

Our Priorities:

- **Top-Quality Materials and Techniques:** We prioritize using the best materials and the latest production technologies to ensure superior quality.
- **Expert-Driven Design:** Collaborating with the world's most experienced designers, we deliver innovative and stylish designs that redefine modern elegance.
- **Innovation and Excellence:** Continuous innovation in production and an unwavering commitment to quality are integral to our brand's identity.

Our Commitments:

- **State-of-the-Art Production:** By staying up-to-date with the latest advancements in quality and manufacturing techniques, we aim to achieve the highest standards and results.
- **Durability and Efficiency:** Our glazed porcelain products are designed for guaranteed resistance, exceptional efficiency, and enhanced performance.
- **World-Class Aesthetic:** With cutting-edge technology and meticulous attention to detail, Veronzo creates surfaces that combine beauty with functionality.

Through continuous research, a powerful R&D team, and a focus on innovation, **VERONZO** delivers products that meet and exceed global standards, offering high-detail finishes and outstanding designs. Veronzo is committed to setting new benchmarks in porcelain production, combining technology, artistry, and excellence in every piece.

SYMBOL CHARACTERIZATION

DURABILITY

Designed for long-term use, with exceptional resistance to wear, scratches, impact, and surface degradation over time.

دوماً يا باداري

طراحى شده برای استفاده طولانی مدت با مقاومت فوق العاده در برابر سایش، خراش، ضربه و فرسایش سطحی.

THERMAL RESISTANCE

Capable of withstanding high temperatures without damage, making it ideal for use near stoves, ovens, and heat-emitting appliances.

مقاومت در برابر حرارت

قابلیت تحمل دمای بالا بدون آسیب، مناسب برای استفاده در نزدیکی اجاق، گاز، فرو دستگاه‌های تولید حرارت.

EASY TO CLEAN

Features a low-maintenance surface that repels dirt, fingerprints, and stains, allowing for fast and easy cleaning.

تمیزی آسان

دارای سطحی با قابلیت نگهداری کم که کثیفی، اثر انگشت و لکه ها را دفع می کند و امکان تمیز کردن سریع و آسان را فراهم می کند.

HYGIENIC SURFACE

Non-porous and easy to sanitize, resists dirt and moisture. Ideal for bathrooms, clinics, and hygiene-sensitive spaces.

سطح بهداشتی

غیر مخلخل و آسان برای ضدعفونی، مقاوم در برابر جذب آردگی و رطوبت. مناسب برای حمام، کلینیک و فضاهای حساس بهداشت.

CHEMICAL RESISTANCE

The tile maintains its surface integrity when exposed to household chemicals, including cleaning agents and mild acids.

مقاوم در برابر مواد شیمیایی

سطح کاشی در برابر مواد شیمیایی خانگی، از جمله شوینده‌ها و اسیدهای ضعیف، بدون تغییر باقی می‌ماند.

STAIN RESISTANCE

Offers strong protection against stains caused by liquids, oils, food dyes, and everyday household substances.

مقاوم در برابر لکه

مقاومت بالا در برابر لکه های ناشی از مایعات، چربی ها، رنگ های خوراکی و مواد رایج خانگی ارائه می دهد.

RESISTANCE TO HEAVY WEIGHT

Resistant to heavy loads without deformation or damage, ideal for high-traffic and demanding applications.

مقاومت در برابر وزن بالا

مقاوم در برابر بارهای سنگین بدون تغییر شکل یا آسیب، مناسب برای فضاهای پر تردد و کاربردهای سنگین.

MINIMUM DIMENSIONAL FAULT

Designed with minimal dimensional tolerance to ensure precise, uniform, and hassle-free installation across various applications.

حداقل خطای ابعادی

طراحی شده با حداقل تolerانس ابعادی برای تضمین نصب دقیق، یکنواخت و بی دردسر در انواع کاربردها.

FOOD SAFE

The tile is certified safe for use in areas where direct contact with food may occur, such as kitchen countertops and food preparation zones.

مناسب برای تماس با مواد غذایی

دارای تأییدیه ایمنی برای تماس مستقیم با مواد غذایی؛
مناسب برای کانتر آشپزخانه و محلهای آماده‌سازی غذا.

SIDES RECTIFIED

a cutting process called straightening the sides, in which all parts are cut with an error of less than 0.5 mm.

یکسو شدن

یک فرآیند برشی به نام یکسو شدن طوفین که در آن تمام قطعات با خطای کمتر از 0.5 میلی‌متر برش داده می‌شوند.

CONSISTENCY IN COLOR

Available in a variety of refined colors to suit different design styles and preferences.

تنوع در رنگ

عرضه شده در مجموعه‌ای متنوع از رنگ‌های خاص،
متناوب با سبک‌ها و سلیقه‌های مختلف طراحی.

WATERPROOF

Completely impervious to water, perfect for wet areas such as kitchens, bathrooms, and laundry spaces.

ضد آب

کاملاً نفوذ ناپذیر در برابر آب، مناسب برای فضاهای مرطوب مانند آشپزخانه، حمام و فضاهای لباسشویی.

SCRATCH RESISTANCE

Exhibits high surface resistance to scratching and abrasion, making it suitable for high-contact areas such as kitchen countertops.

مقاومت در برابر خراش

دارای مقاومت سطحی بالا در برابر خراشیدگی و سایش،
مناسب برای فضاهای پرکاربرد مانند کانتر آشپزخانه.

ANTIBACTERIAL

Prevents the growth of bacteria, mold, and mildew on the surface, ensuring a more hygienic and safe environment.

آنتی باکتریال

از رشد باکتری، کپک و قارچ روی سطح جلوگیری می‌کند
و محیطی بهداشتی‌تر و ایمن‌تر فراهم می‌سازد.

UV RESISTANCE

Maintains color stability and surface quality when exposed to direct sunlight, making it ideal for outdoor applications.

مقاوم در برابر اشعه uv

ثبات رنگ و کیفیت سطح در برابر تابش مستقیم نور
خورشید. مناسب برای کاربردهای فضای باز.

FROST RESISTANCE

Engineered to endure freezing temperatures without cracking or damage, suitable for outdoor and cold-climate installations.

مقاومت در برابر سرما

طراحی شده برای تحمل دمای زیر صفر بدون ترک خودگی
یا آسیب، مناسب برای نصب در فضای باز و آب و هوای سرد.

Surfaces of exceptional aesthetics and high performance from Veronzo porcelain slabs.

A meticulous selection of premium raw materials to create high-quality, durable surfaces, perfect for the most prestigious projects in the kitchen industry. Veronzo offers porcelain countertops that combine outstanding design with superior functionality, bringing elegance and innovation to modern and luxurious spaces. Available in the impressive 160×320 cm format, these slabs are ideal for kitchen environments.

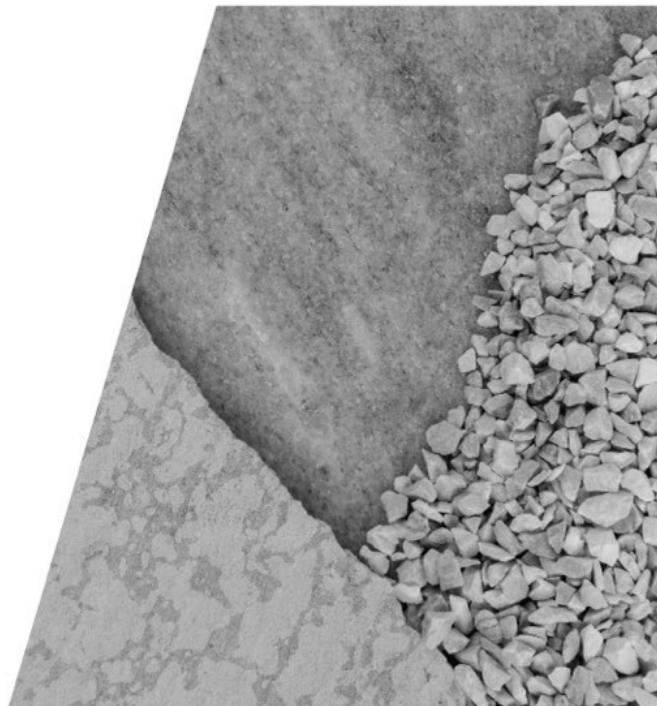

ADVANTAGES

It prevents the absorption of liquids and the accumulation of odours thanks to its low porosity.

WATERPROOF

Durable surfaces crafted from materials that can be completely reused after their life cycle. Veronzo combines innovation and sustainability to create high-quality surfaces with a commitment to durability and environmental responsibility.

**100% NATURAL AND
RECYCLABLE**

Antibacterial waterproofing
Hydro and oil repellent
antibacterial waterproofing
that improves resistance
against humidity, chemical
agents, and stains.

STAIN PROTECTION

The use of specific products is unnecessary thanks to the zero-effort care of the material.

EASY TO CLEAN

Stable to sudden temperature changes, it withstands extreme cold conditions.

FROST RESISTANT

Fireproof and non-combustible, it maintains its aspect and performance when exposed to high temperatures.

FIRE RESISTANT

Unalterable by ultraviolet rays, it remains stable against wear and tear due to strong illumination.

UV RESISTANT

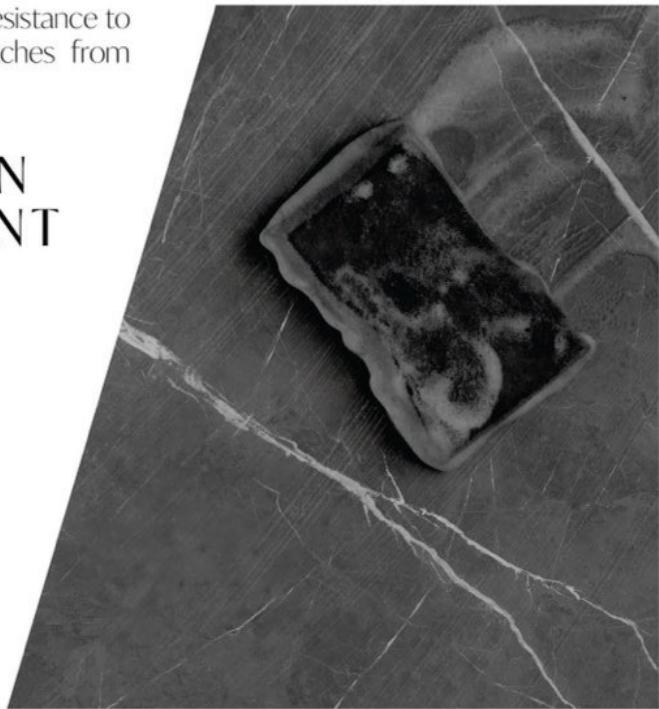

Low emission of volatile organic compounds, allowing direct contact with foodstuffs.

HYGIENIC

High durability and good resistance to wear and tear and scratches from daily use.

ABRASION RESISTANT

High tolerance to energy from impacts and cutting tools used on the surface.

SCRATCH AND IMPACT RESISTANT

INDEX

Durable surfaces crafted from materials that can be completely reused after their life cycle. Veronzo combines innovation and sustainability to create high-quality surfaces with a commitment to durability and environmental responsibility.

MURUNTAU

PERTORIA GREY

PERTORIA BLACK

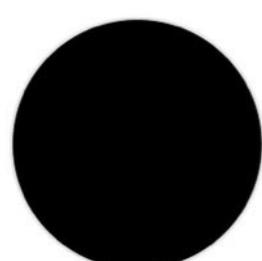

PACAYA

SNOW

NOX

This stone design features a bright white marble with fine, intricate gray veining, creating a sophisticated and timeless aesthetic. Its subtle yet detailed patterns make it a popular choice for luxurious, minimalist, and contemporary interiors, adding a sense of openness and brightness while maintaining an elegant, natural look.

LUCID

Visual and Design Features:

1. Bright White Background:

Symbolizes purity, clarity, and sophistication.
Enhances brightness and spaciousness in interiors.
Acts as a versatile neutral base, complementing various design styles.

2. Delicate Gray Veins:

Creates a refined, organic flow that mimics natural mineral formations.
Inspired by the movement of clouds, flowing water, and natural stone fractures.
Adds a sense of depth and movement without overpowering the simplicity of the design.

3. Inspired by Nature:

Resembles high-end Carrara or Statuario Marble, known for its delicate yet elegant veining.
Reminiscent of frost patterns on glass or soft waves in a calm lake, adding a sense of serenity.
Mimics natural quartz formations and glacial ice textures, enhancing its organic aesthetic.

Applications of This Stone Design:

Luxury kitchen countertops, offering a bright and airy feel.
Elegant bathroom vanities and spa-like interiors, creating a calm, relaxing atmosphere.
Modern floor designs in high-end homes, hotels, and offices.
Wall cladding in minimalist and contemporary interiors, providing a seamless, sophisticated look.
Statement furniture pieces, such as dining tables and office desks, adding a refined touch.

■ **LUCID**

CODE: 2600

FORMAT: 160X320

FACE: 2

FINISHED: MATTE

THICKNESS: 12 mm

Concept Behind the Design

This marble design represents a fusion of elegance, tranquility, and modern minimalism. The contrast between the bright white surface and delicate gray veins symbolizes a balance between simplicity and sophistication. Inspired by natural stone formations, drifting clouds, and icy landscapes, this design evokes a sense of calmness, timeless beauty, and understated luxury.

This stone design features a bright white marble with soft gray veining, embodying a timeless, elegant, and refined aesthetic. It is widely used in luxury, minimalist, and classic interiors, where the clean and sophisticated look creates a sense of openness and brightness. The subtle gray veins add depth and natural movement, making this material ideal for both contemporary and traditional spaces.

LAURENTI

Visual and Design Features:

1. Pure White Background:

Represents purity, elegance, and a clean aesthetic. Enhances brightness in interior spaces, making them feel more open. Provides a neutral base that pairs well with various color palettes.

2. Soft Gray Veins:

Adds a natural and organic texture without overpowering the design. Inspired by the natural flow of cloud-like formations and water currents in nature. Mimics natural stone formations and mineral deposits, bringing an authentic look. Creates a balance between simplicity and intricate detailing.

3. Inspired by Nature:

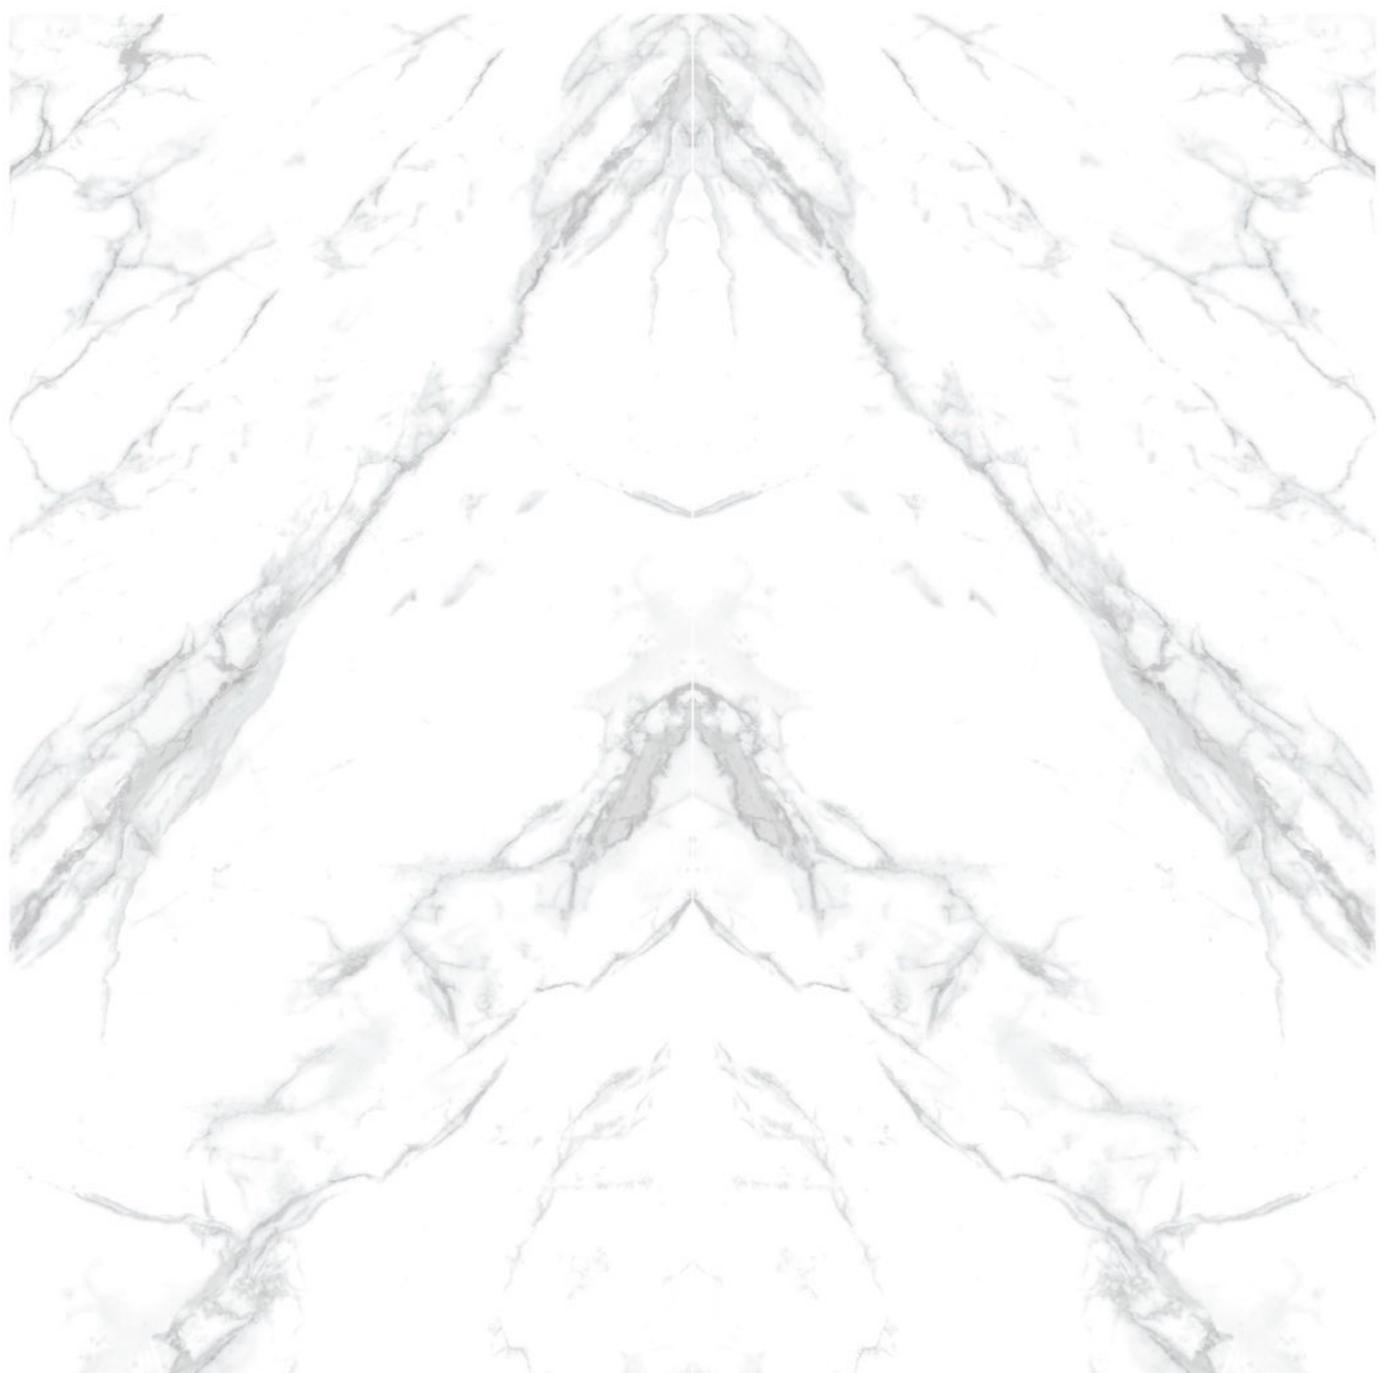

Resembles Carrara Marble, a world-renowned Italian stone known for its elegance and classic appeal. Inspired by flowing rivers and drifting clouds: The soft gray patterns resemble the fluid motion of water and mist in a serene landscape. Similar to frost patterns on glass or snow-covered peaks, giving it an airy and ethereal quality. Mimics natural quartz and sedimentary formations, enhancing its organic appeal.

Applications of This Stone Design:

Luxury kitchen countertops for a clean, sophisticated look. Bathroom vanities and walls, adding a spa-like, serene ambiance. Modern and classic floor designs, creating a seamless and bright appearance. Elegant dining tables and high-end office desks. Statement furniture pieces that elevate the space.

■ **LAURENTI**

CODE: 2602

FORMAT: 160X320

FACE: 2

FINISHED: MATTE

THICKNESS: 12 mm

Concept Behind the Design

This marble design symbolizes purity, sophistication, and timeless beauty. The contrast between the bright white background and soft gray veins represents a balance between tranquility and movement, making it a popular choice in both contemporary and classic architecture. Inspired by natural elements such as flowing rivers, drifting clouds, and frost patterns, this design brings a sense of lightness and serenity to any space.

This stone design features a soft cream-colored marble with elegant beige veining, arranged in a symmetrical pattern, creating a refined and luxurious aesthetic. It is a perfect choice for classic, neoclassical, and modern luxury interiors, where the warm tones add a sense of sophistication, warmth, and natural elegance. The symmetry in the design makes it ideal for creating bookmatched surfaces, where the veins mirror each other, enhancing the visual appeal.

MURUNTAU

Visual and Design Features:

1. Soft Cream Background:

Evokes a sense of warmth, tranquility, and timeless beauty. Adds brightness to a space while maintaining a soft, inviting atmosphere. Works well with both modern and traditional interior styles.

2. Beige and Golden Veins:

Creates an organic and flowing pattern that adds depth and movement. The symmetrical veining enhances the artistic and luxurious feel. Inspired by natural mineral formations and marble sedimentation over time. Resembles the intricate, fluid motions of drifting clouds or tree roots intertwining in nature.

3. Inspired by Nature:

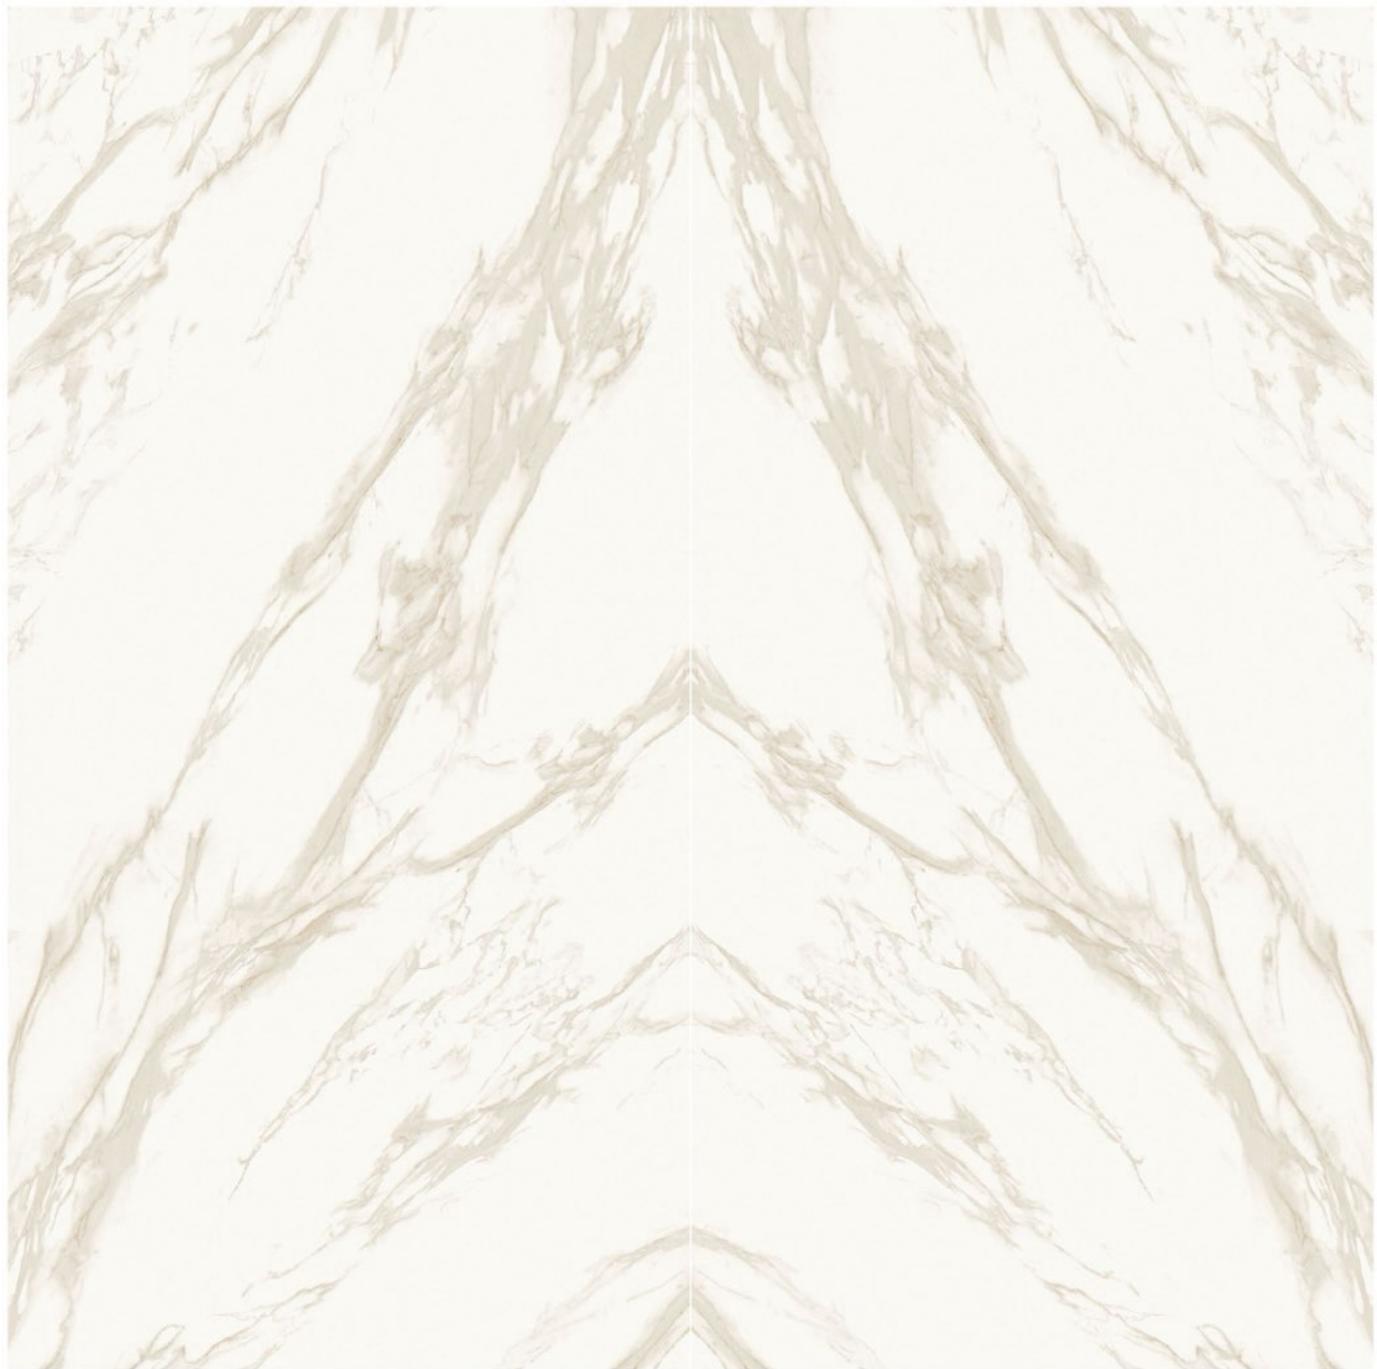

Similar to Calacatta Oro or Statuario Gold Marble, known for its refined elegance. Resembles natural river streams flowing in harmony, creating an artistic balance. Mimics frost patterns or wind-sculpted rock formations, giving it an organic, timeless appeal. Golden beige veins resemble sunlit mountain ridges or delicate cracks in ancient stone, adding a historical and artistic depth.

Applications of This Stone Design:

Luxury kitchen countertops with a warm, inviting aesthetic. High-end wall cladding for creating a sophisticated atmosphere. Elegant flooring in hotels, mansions, and upscale homes. Bookmatched feature walls and statement pieces, enhancing the symmetrical beauty. Luxury bathroom vanities and spa-like interiors, creating a serene and soothing ambiance.

■ MURUNTAU

CODE: 2603

FORMAT: 160X320

FACE: 2

FINISHED: MATTE

THICKNESS: 12 mm

Concept Behind the Design

This marble design symbolizes purity, sophistication and timeless beauty. The contrast between the bright white background and soft golden veins represents a balance between calm and movement, making it a popular choice in both contemporary and classic architecture. Inspired by natural elements such as the shimmer of the sun, the gold stone, this design brings a sense of lightness and tranquility to any space.

This stone design features a refined gray marble with elegant white veining, creating a sophisticated, balanced, and modern aesthetic. Its cool-toned neutral palette makes it an excellent choice for contemporary, industrial, and high-end architectural spaces, adding depth and a timeless sense of luxury. The symmetrical veining enhances its natural elegance, making it particularly suited for bookmatched applications.

PERTORIA GREY

Visual and Design Features:

1. Soft Gray Background:

Represents stability, elegance, and a modern industrial aesthetic. Works as a neutral base that pairs well with both warm and cool interior elements. Evokes a sense of depth and sophistication without overpowering the space.

2. Delicate White Veins:

Adds a subtle yet striking contrast, mimicking natural mineral fractures. Inspired by lightning streaks across a stormy sky or cracked ice on a frozen lake. Enhances the organic and fluid movement of the stone, making it visually dynamic. The symmetrical pattern enhances its artistic appeal, making it ideal for high-end interior compositions.

3. Inspired by Nature:

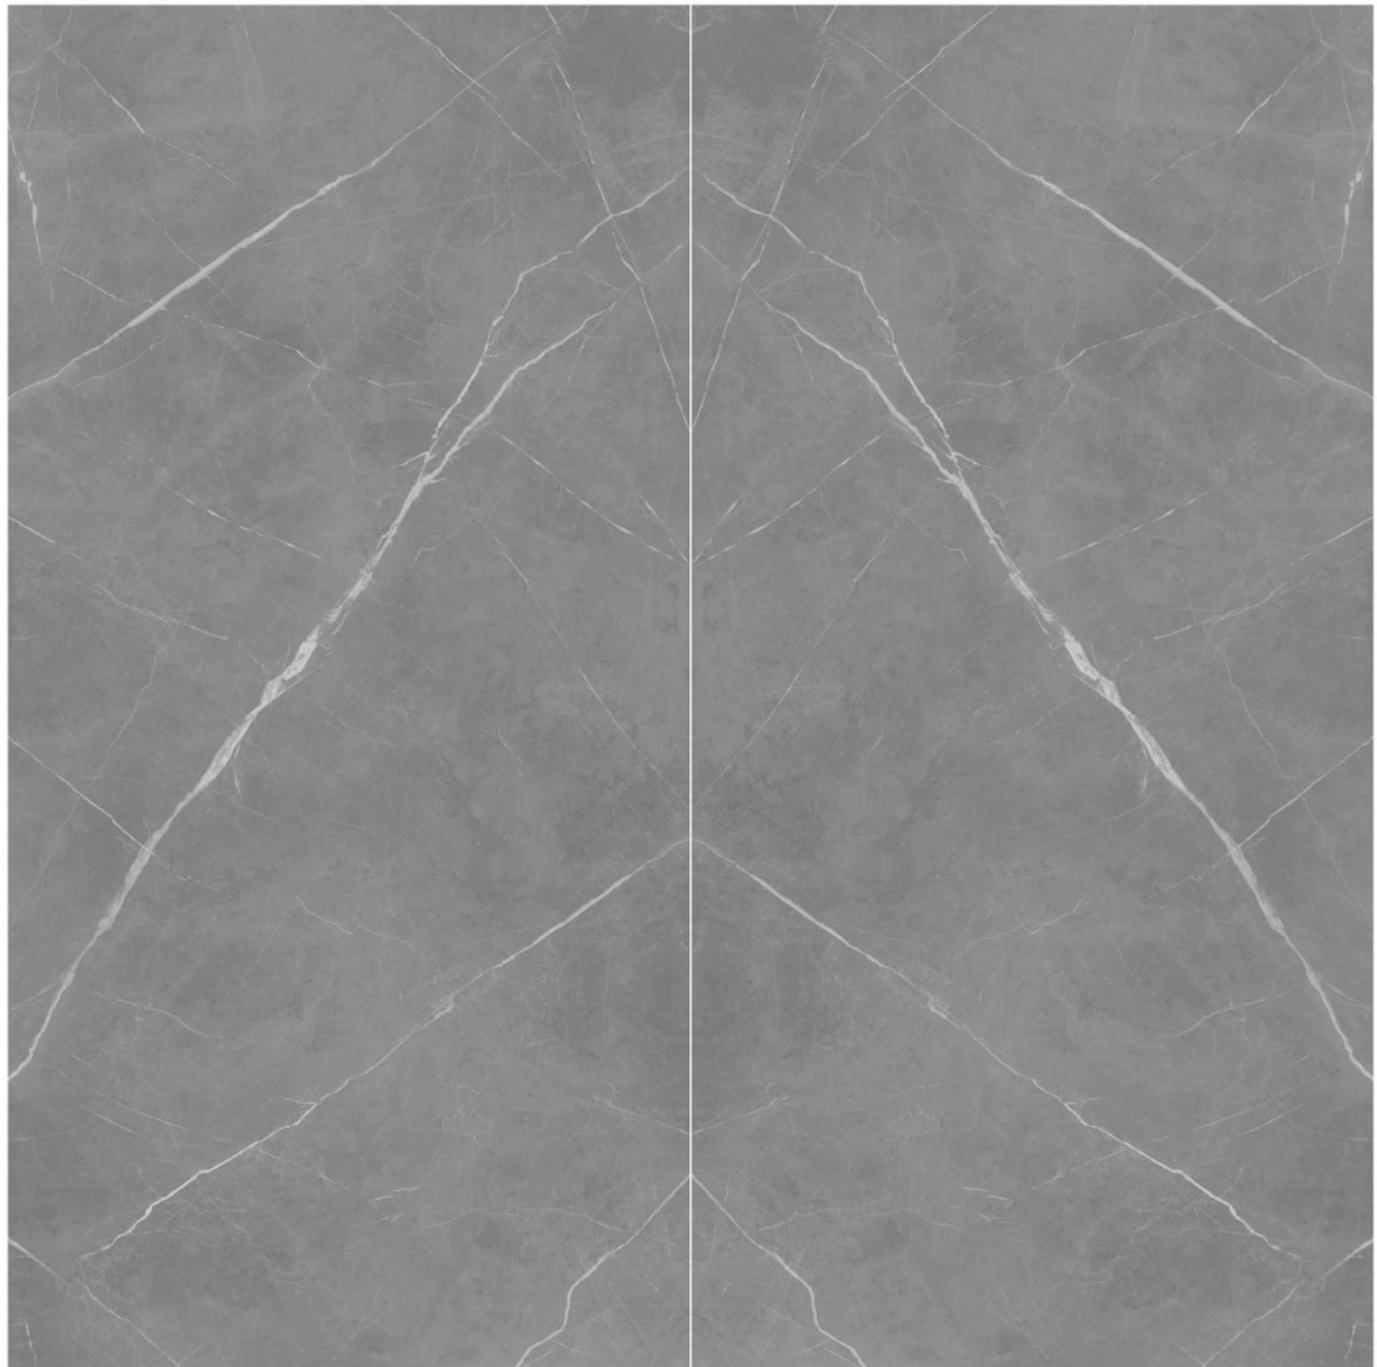

Resembles high-quality gray marble found in Italian and Spanish quarries. Mimics natural geological formations, evoking rock layers and mineral deposits formed over centuries. Similar to misty mountain landscapes, where soft light reflects on rugged cliffs. Inspired by the elegance of frost patterns, adding an ethereal touch to the design.

Applications of This Stone Design:

Luxury kitchen countertops, offering a sleek, sophisticated appearance. Statement wall cladding, creating depth and texture in contemporary interiors. Elegant flooring in high-end commercial and residential spaces. Minimalist and industrial-inspired furniture pieces, enhancing modern aesthetics. Bathroom vanities and spa-like environments, promoting a tranquil, natural feel.

■ PERTORIA GREY

CODE: 2604

FORMAT: 160X320

FACE: 2

FINISHED: MATTE

THICKNESS: 12 mm

Concept Behind the Design

This marble design represents a fusion of strength, refinement, and modernity. The cool gray tones contrast beautifully with the fine white veins, symbolizing a balance between raw natural energy and understated elegance. Inspired by stormy skies, geological fractures, and icy landscapes, this design adds a timeless, sophisticated, and architectural presence to any space.

This stone design represents a deep black marble with white and gray veining, exuding a luxurious and modern aesthetic. It is commonly used in minimalist, industrial, and high-end spaces, as the combination of dark tones with natural textures creates a timeless and elegant atmosphere.

PERTORIA BLACK

Visual and Design Features:

1. Deep Black Background:

Conveys a sense of power, strength, and luxury.
Creates a strong contrast with other architectural elements.
Perfect for modern and minimalist spaces.

2. White and Gray Veins:

Adds movement and dynamism to the design.
Resembles natural fractures in volcanic stones.
Balances simplicity with complexity.

3. Inspired by Nature:

This design closely resembles "Nero Marquina" marble, sourced from quarries in Spain.
Inspired by lightning in a dark sky: The white veins resemble electric streaks of lightning
flashing across the darkness.
Similar to geological faults: It can be interpreted as natural fractures and fault lines formed by
tectonic shifts in the Earth's crust.
Resembles cracked ice surfaces: From another perspective, it looks like deep black ice with
natural fissures.

Applications of This Stone Design:

- Luxury kitchen countertops
- Decorative wall cladding in modern interiors
- Dark, elegant flooring
- High-end office and dining tables

■ PERTORIA BLACK

CODE: 2605
FORMAT: 160X320
FACE: 2
FINISHED: MATTE
THICKNESS: 12 mm

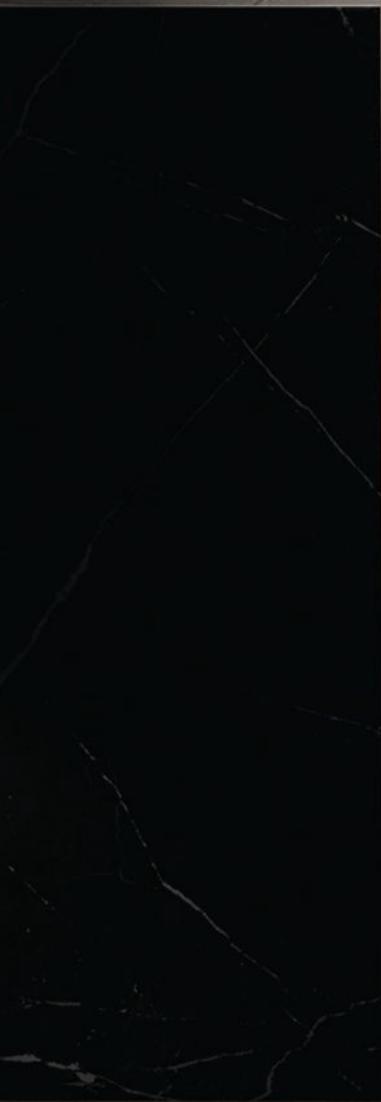

Concept Behind the Design

This stone pattern represents a fusion of strength, nature, and minimalist beauty. The contrast between black and white symbolizes a balance between darkness and light, a concept often embraced in contemporary architecture and design. Inspired by natural elements such as lightning, geological fractures, and rugged rock textures, this design brings a sense of dynamism and authenticity to a sophisticated, modern space.

This stone design features a deep black marble with striking gold veining, embodying a luxurious, opulent, and modern aesthetic. It is widely used in high-end, minimalist, and industrial spaces, where the combination of dark tones with rich golden accents creates a sense of grandeur and sophistication.

PACAYA

Visual and Design Features:

1. Deep Black Background:

Evokes a sense of mystery, power, and elegance. Enhances contrast with golden veins, making them appear more vivid. Perfect for luxurious interiors and statement pieces.

2. Gold Veins:

Adds a regal, timeless appeal, symbolizing wealth and prestige. Inspired by golden lightning streaks against a dark sky, creating a sense of energy and movement. Mimics natural fractures in volcanic rock infused with mineral deposits, adding depth and authenticity. The organic, flowing veins contrast beautifully with the sharp, bold black surface.

3. Inspired by Nature:

Resembles Black and Gold Portoro Marble, a rare and luxurious natural stone. Golden lightning in a midnight sky: The luminous veins mirror flashes of gold in the darkness, symbolizing strength and vitality. Mimics natural mineral formations: Similar to veins of gold running through black rock in deep caves and quarries. Evokes the elegance of molten gold flowing through volcanic stone, giving it a dynamic and artistic feel.

Applications of This Stone Design:

Luxury kitchen countertops for an ultra-premium look. High-end wall cladding in modern interior designs. Dark, elegant flooring that enhances spatial depth. Luxury office desks and dining tables, adding sophistication to the space. Statement furniture pieces that exude exclusivity.

PACAYA

CODE: 2606
FORMAT: 160X320
FACE: 2
FINISHED: MATTE
THICKNESS: 12 mm

Concept Behind the Design

This stone pattern symbolizes a fusion of power, elegance, and opulence. The contrast between deep black and radiant gold represents balance between darkness and light, mystery and luxury—a concept often embraced in high-end architecture and interior design. Inspired by natural lightning, geological mineral formations, and liquid gold veins, this design brings a bold, dynamic, and artistic essence to contemporary and classical spaces alike.

This ceramic design features a completely uniform matte white surface, offering a minimalist, clean, and modern aesthetic. Its lack of patterns, veins, or textures makes it ideal for sophisticated and contemporary interiors, providing a sense of purity, openness, and tranquility.

SNOW

Visual and Design Features:

1. Pure Matte White Surface:

Symbolizes purity, simplicity, and timeless elegance. Non-reflective finish, reducing glare and enhancing a soft, luxurious feel. Creates a spacious and bright atmosphere, making interiors feel larger. Smooth and flawless texture, perfect for modern and minimalist spaces.

2. No Veins, No Patterns:

Ensures a clean and seamless aesthetic, making it highly versatile. Evokes a sense of balance, serenity, and harmony in interior design. The absence of texture allows for a refined and understated luxury look.

3. Inspired by Nature:

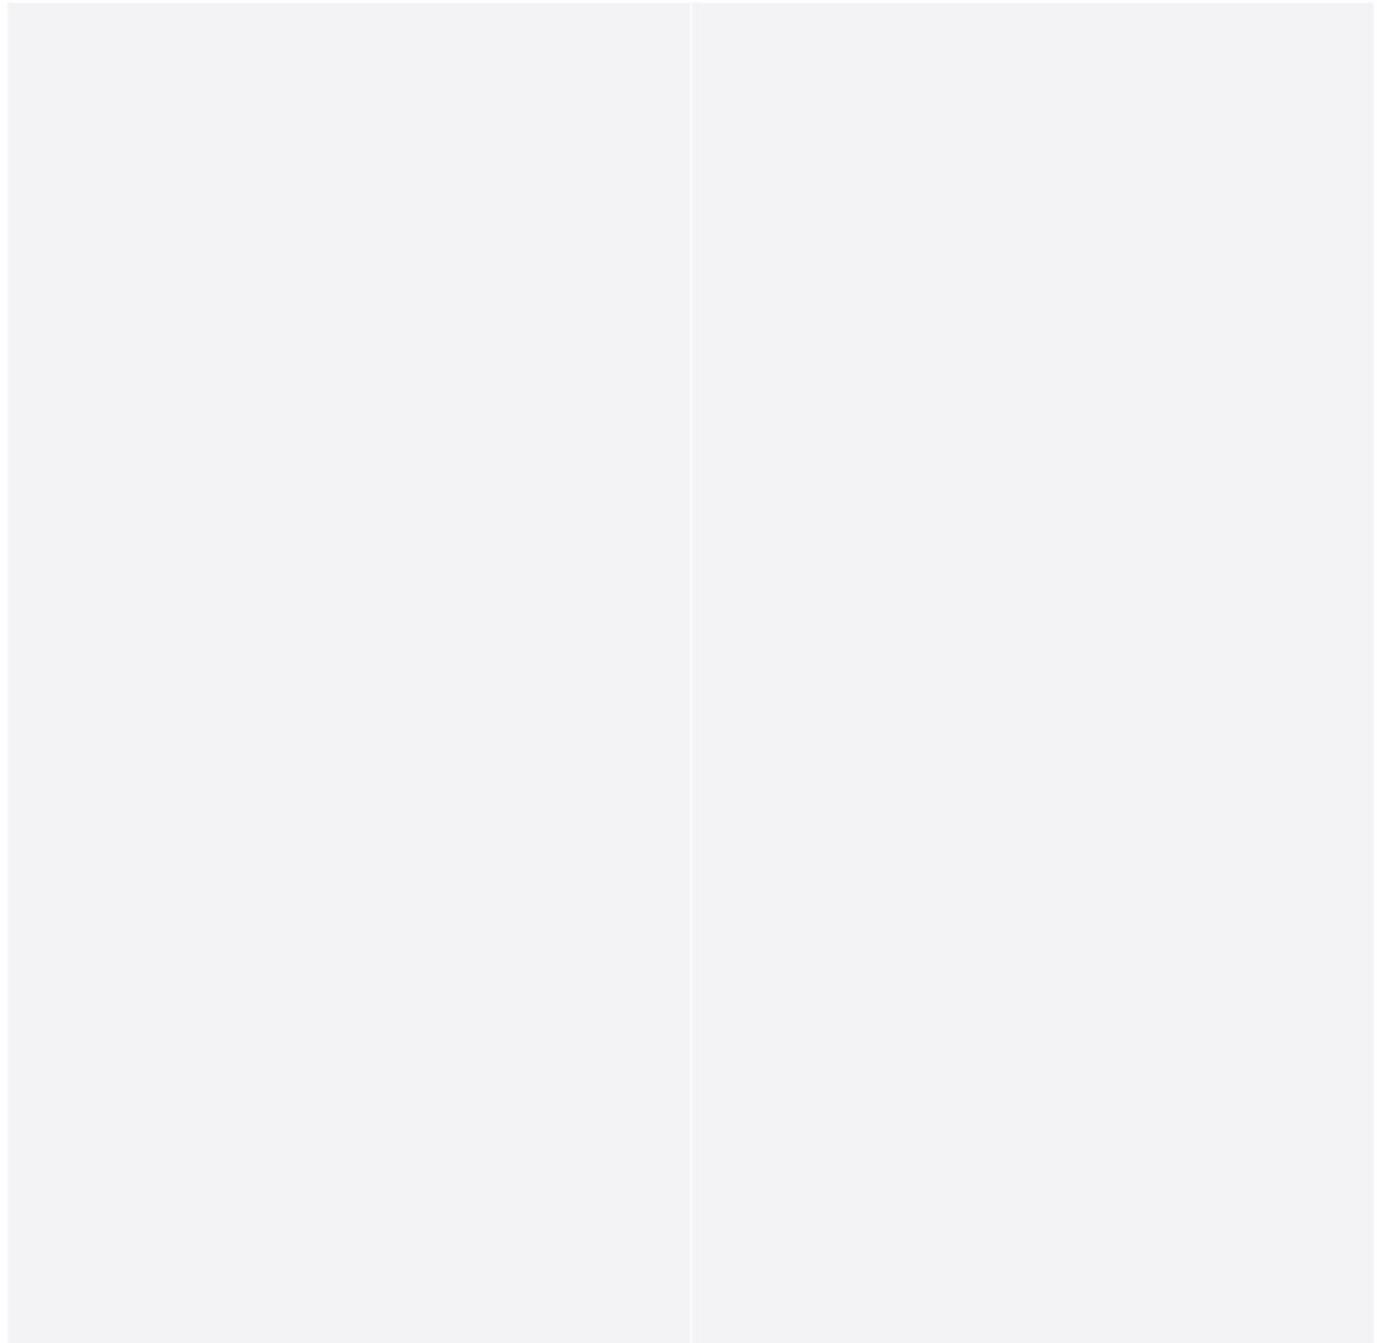

Reminiscent of fresh snow and white quartz, known for their pristine and calming qualities. Similar to the soft light diffusion in foggy landscapes, adding a sense of depth. Inspired by modern minimalist architecture, emphasizing form and function over decoration. Reflects the clean simplicity of high-end matte finishes in luxury design.

Applications of This Stone Design:

Luxury kitchen countertops, creating a sleek, bright, and sophisticated look. Minimalist wall cladding, adding an airy and open feel to interiors. Elegant flooring in contemporary homes, commercial spaces, and galleries. High-end furniture surfaces, such as tables, desks, and shelving. Spa-like bathroom vanities, promoting a sense of peace and relaxation.

■ SNOW

CODE: 2607

FORMAT: 160X320

FACE: 2

FINISHED: MATTE

THICKNESS: 12 mm

Concept Behind the Design

This matte white ceramic represents a fusion of simplicity, elegance, and modern sophistication. The completely uniform white surface eliminates visual distractions, creating a timeless and versatile foundation for a variety of interior styles. Inspired by the purity of untouched snow, the softness of diffused light, and the sleekness of contemporary design, this material embodies tranquility, refinement, and architectural beauty.

This ceramic design features a completely uniform matte black surface, offering a modern, sophisticated, and minimalist aesthetic. Its absence of patterns, veining, or texture makes it an ideal choice for contemporary interiors where a sleek, bold, and timeless look is desired.

NOX

Visual and Design Features:

1. Deep Matte Black Surface:

Symbolizes elegance, power, and minimalism. Non-reflective finish, making it ideal for modern spaces with controlled lighting. Enhances contrast and depth, making other interior elements stand out. Smooth and flawless texture, exuding a sense of purity and precision.

2. No Veins, No Patterns:

Creates a clean, uninterrupted aesthetic, making it versatile for various interior styles. Evokes a sense of balance and uniformity, ideal for ultra-modern and industrial spaces. The absence of texture ensures a bold and striking visual presence.

3. Inspired by Nature:

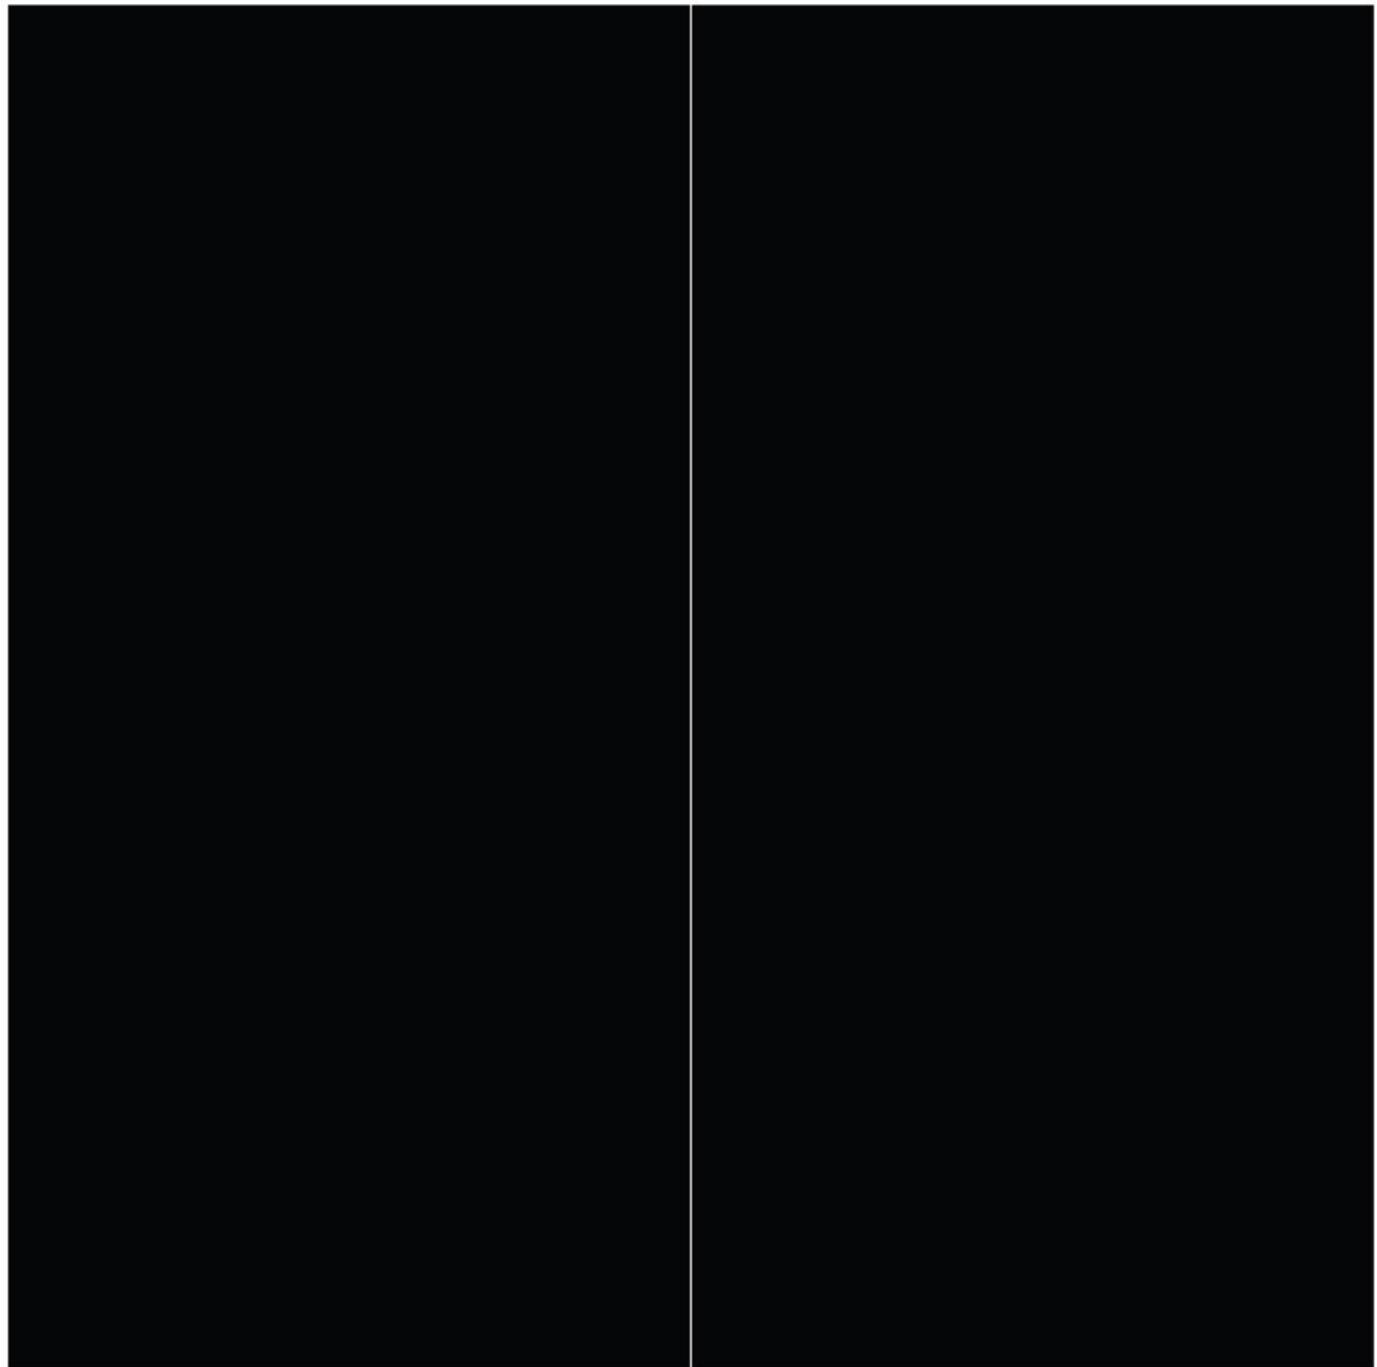

Reminiscent of volcanic obsidian stone, known for its pure, deep black tone. Similar to moonless night skies, evoking mystery and sophistication. Inspired by modern matte black finishes in luxury automotive and architectural design. Reflects the bold simplicity found in minimalist and contemporary interiors.

Applications of This Stone Design:

- Luxury kitchen countertops, providing a sleek, modern look.
- Minimalist wall cladding, creating a dramatic and high-end atmosphere.
- Elegant flooring for high-end residential and commercial spaces.
- Statement furniture pieces, such as coffee tables and office desks.
- Modern bathroom vanities, achieving a clean and sophisticated aesthetic.

■ CUTTING EDGES & TILES

DOUBLE BEVEL

SMALL BEVEL

BIG BEVEL

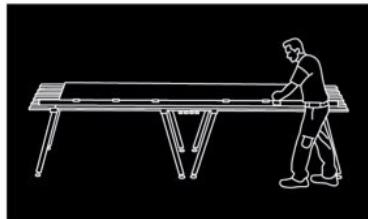

giving a nice trim to the edges of the tiles adds to its' beauty. as these tiles are of the good thickness of 12mm & color body, it is possible to shape its' edges in different styles & create aesthetically rich countertops for your space. well trimmed edges also make for cleaner & elegant joints.

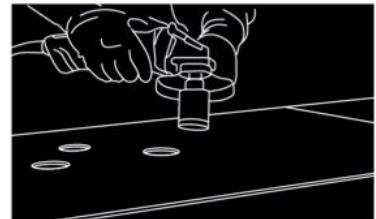

BIRDS BEAK

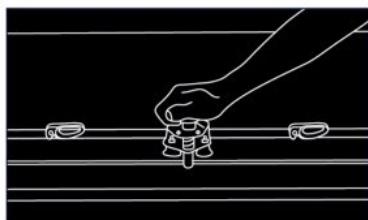

45° CORNER

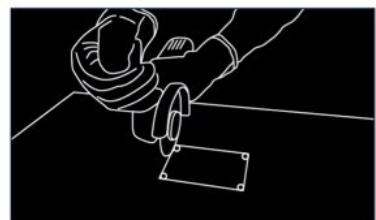

tile should be kept on flat support while cutting, do not keep any hollow gaps underneath the tile.

making holes on porcelain tiles by external round-cut machine with minimum thickness of 11mm.

cutting machines have holders to fix the tiles during cutting process. and also some manual strong holders should be used to fix the edges of two tiles together.

making L-shape and angled cuts on porcelain tiles with cnc or water-jet machines and even manual. that should make rounded-off edge to protect the tiles from breaking.

Different types of cutting products:

- manual dry cutting by blade
- straight cutting machines by hard-cut blade tool
- cutting by cnc machines
- cutting by water-jet machines

for finishing the sides of porcelain tiles abrasive pads can also be used.

INTRODUCING VERONZO SMART LAYOUT SOFTWARE:

We are proud to introduce Veronzo Smart Layout Software, a powerful and advanced tool designed to assist architects, interior designers, and clients in creating beautiful and harmonious spaces using Veronzo products.

KEY FEATURES:

- Fast and Precise Design:** Create and modify your desired layouts with just a few clicks.
- 3D Visualization:** Experience a realistic preview of how products will look in your space.
- Smart Layout Suggestions:** Get diverse and practical options tailored to your style and needs.

This software is your reliable companion in bringing your design ideas to life. From concept to execution, showcase creativity and innovation in your designs effortlessly.
